Poster Presentation at Gender Sensitization at History Department

Maulana Azad College of Arts, Science & Commerce, Aurangabad, Date: 18 Feb. 2021

Student Participants: 13, Teacher Participants: 1. Dr Shaikh MusakRajjak (HOD, History Dept)

Report: Department of History organized poster presentation on gender sensitization on 18 Feb. 2021. Students discussed on and about the gender equality and the gender sensitization. Dr Shaikh MusakRajjak, head of the department of History guided about the concept of Gender Sensitization with examples. Gender sensitization refers to the raising sensitization of gender equality concerns. It helps people in examining their personal attitudes and beliefs and questioning the realities of both sexes. Gender equality does not mean that men and women become the same; it means that there access to opportunities and life changes is neither dependent on, nor constrained by, their gender. It is achieved when women and men enjoy the same rights and opportunities across all sectors of society, including economic participation and decision making, and when the different behaviours, aspirations and needs of women or girls and men or boys are equally valued and favoured. India has signed onto the 2030 sustainable development goals (SDGs). The stand alone goal for Gender Equality, SDG 5, focuses on achieving gender equality and empowering all women and girls and includes ending all forms of discrimination against all women and girls everywhere as its most important target.
