Venue/ online platform :**Online on Zoom**

Number of beneficiaries :25 Type of activity :Cocurricular

Details of the Programme :

Goals and objectives :

- 1) To know the basic criteria for patentability
- 2) To understand the process of patenting
- 3) To understand the part of techno legal document

Highlights of the programme

The webinar was organized by the Department of Microbiology. Principal Dr. Mazahar Farooqui delivered inaugural speech. He highlighted the importance of patent in research. Dr. Madhuri Sahasrabudhe introduced speaker Dr. Nazneen Akhter. Ms. Mehjabben Sayyad propoase vote of thanks.

Dr Nazeen Akhter very elaborately explained the process of patenting on a virtual platform. She explained following points in details:

1. Patent: a way of protecting intellectual property
2. What is a patent?- It's a statutory right
3. Basic criteria of patentability.- Novelty is the very important part of patenting.
4. Process of patenting
5. Where to file patent application?
6. How to file patent application?
7. General procedure of filing a patent
8. Part of patent techno legal document
9. Patent grant in India

Relevance and outcome :

1. Research students and faculty members very well understood the process of patenting.
2. There was a nice question answer session in which the participants cleared their doubts.
3. It was an excellent webinar.
